## OPERATION

86372510

01) Make sure all three prongs are on the body of the cord and plug into an outlet. IF ONE OF THE PRONGS IS MISSING, NOTIFY YOUR SUPERVISOR.

02) IF NECESSARY: remove wand from dip tray and connect to vacuum hose.

03) IF NECESSARY: disconnect the hose from the vacuum and the squeegee head.

04) IF NECESSARY: move handle up and over to the right to lower the squeegee.

05) Turn the machine on.
