

300BU Battery Burnisher

Featuring Steady One™ Technology

Keeps 88% of its original pad pressure after 3 hours of burnishing

- 1 Traction control with dual heavy-duty, 8" (20,3 cm) mark free wheels (pad assist option available).
- 2 Three (3) 12 volt, 228 AH batteries produce up to 3 hours of continuous run time.
- 3 On-board battery charger allows operator to plug in anywhere.
- 4 Enclosed dust control system (cloth or paper bag) for clean operation.
- 5 Unitized roto-molded body with wide area cover panel for easy battery access.
- 6 Small footprint - only 49" (124 cm) with deck tilted - for compact storage.
- 7 Twin rear soft tread 4" (10 cm) caster wheels for a tight turning radius.
- 8 Ergonomic handle and controls for comfortable maneuverability.
- 9 Quiet (only 67 dBA) 2.5 HP (1.9 kW) electric motor.
- 10 90-degree tilt deck for easy pad change.

SteadyOne™ uses advanced fluid drive technology to maintain constant pad pressure and produce more consistent results. Unlike other machines using spring mechanisms that vary when a metal coil compresses or extends, **SteadyOne™** automatically adjusts the deck as the pad wears to apply the same pad pressure throughout the burnishing operation. Floor care professionals can now get the same one-pass results today...and tomorrow.

RECOMMENDED PRODUCTS

Amano Pioneer Eclipse offers a wide variety of premier floor finishes to meet the needs of every consumer. Floor Finish lines include both traditional and green offerings.

AVAILABLE MODELS

- 300BU20CG: 20" Pad Assist w/ AGM Batteries
- 300BU20CL: 20" Pad Assist w/ Lead Acid Batteries
- 300BU20TCG: 20" Traction w/ AGM Batteries
- 300BU20TCL: 20" Traction w/ Lead Acid Batteries
- 300BU24CG: 24" Pad Assist w/ AGM Batterie
- 200BU24CL: 24" Pad Assist w/ Lead Acid Batteries
- 300BU24TCG: 24" Traction w/ AGM Batteries
- 300BU24TCL: 24" Traction w/ Lead Acid Batteries
