

225GP Multi-Purpose Hard Floor Machine

Polishing, Stripping, Sanding, & Coating Removal!

Versatile Applications.

For all hard floor types

- 1 Safety lockout to prevent unintended operation.
- 2 Motor speed switch conveniently located at the handle.
- 3 GFCI for added safety for wet applications.
- 4 A 2.5 gallon (9,5 liter) water tank with lid to prevent spills while changing attachments.
- 5 1.5 HP (1,1 kW) DC rectified motor with quick disconnect for easy troubleshooting and service.
- 6 5" (13 cm) non-marking, self-lubricating transport wheels.
- 7 Triple planetary drive - pad holder, with shower feed included.
- 8 Dust port with vacuum support strap for dry applications, such as hardwood floor sanding.
- 9 Splash / Dust skirt contains the splash and assists dust collection.
- 10 HydraShine Diamond Driver uses a passive planetary system to provide a superior polish.

RECOMMENDED PRODUCTS

The PowerPolish diamond system is simple and effective, even for the inexperienced operator.

The concrete prep tool is used to profile concrete floors for permanent coating adhesion. The coating removal tool is used to remove adhesive, thin-set, and thin mil coatings.

Amano Pioneer Eclipse produces a wide variety of stripping chemicals that are aggressive and effective even on the toughest build-up.
