

A better way to clean.

The Windshear™ SD 3500

A Safety Dryer at an affordable price.

Superior drying capability,
ensuring spaces are dry, safe
and ready for immediate use.

Power and Durability for Long-Lasting Use

The Tornado® Windshear™ Safety Dryer is built with patented, rotationally molded material to withstand the harsh, every-day use of contract cleaners, restoration professionals and more. Due to its go-anywhere, durable construction, our fan will outlast other competitive models on the market today.

Countless Applications

The possibilities are endless with Tornado's® SD 3500. With three different speed settings and operating positions, you can determine the correct air flow and velocity for maximum performance. Use the Windshear™ SD 3500 to dry carpets, rugs, padding, subfloors, cabinets, dry-wall, paint, closets, baseboards, attics, furniture, draperies, or just about anything you need to dry. The Windshear™ SD increases air-flow, cleaning efficiency, safety, and minimizes down-time in a room or large facility. What's more is the easy-to-see yellow housing helps to identify potential physical hazards, such as falling or tripping, as recommended by ANSI Standards Z53.1

Windshear™ SD 3500
