STONEKOR's Eagle Brand Tracker 3000 offers a highly versatile low profile stripping, burnishing and polishing solution. The Tracker's 4" low profile and robust gearbox drive the two 16" heads for optimum performance on any floor surface and under any obstacle. The Tracker utilizes three separate attachments, including one for stripping brushes, one for burnishing pads, and one for 3" hybrid and copper resins. The solution tank attachment (shown at far right) is a new optional upgrade.
