BRUSHES & ROLLERS

T1, R3 and E5 brushes and rollers offer a simple, no-tool change feature that can be done in seconds.

T1 brushes offer increased cleaning flexibility and are available with polypropylene, nylon and abrasive bristles to match demanding cleaning requirements.

R3 dual counter-rotating soil transfer rollers (constructed from densely woven microfilament fibers) maximize cleaning performance by effectively lifting and trapping soils from the front and back of carpet fibers.

The E5 brush offers a superior double tufted, reverse chevron pattern that loosens deeply embedded dirt from carpet fibers.

PRODUCT DESCRIPTION	SIZE	MACHINE	PART #
Black Nylon Scrub Brush (1 req.)	15 in / 380 mm	T1	1037197
Black Polypropylene Scrub Brush (1 req.)	15 in / 380 mm	T1	1037277
Black Nylon with Grit Scrub Brush (1 req.)	15 in / 380 mm	T1	1037278
ReadySpace Roller Assembly (2 req.)	15 in / 380 mm	R3	1028953
Black Nylon Scrub Brush (1 req.)	15 in / 380 mm	E5	1028954
