

3610 Cordless Vacuum/Sweeper

Clean anytime with the 3610.

With no cord to trip over and a low 61 dBa noise level, the new battery-powered 3610 vacuum/sweeper is ideal for anytime cleaning.

- Eliminate the risk of trip-and-falls over a power cord, and the frustration of obstacle-wraps with the 3610's battery-powered operation.
- A low 61 dBa noise level allows for cleaning day or night without disturbing employees or guests.
- Quickly and easily move into and out of narrow aisles with a compact 24" cleaning path.
- Maximize your cleaning coverage rate—and your productivity—by moving from carpet to hard surface without stopping.
- Clean twice the space of a wide-area vacuum and four times the area of standard uprights.

Height-adjustable/folding handle for operator comfort and compact storage

Rear hopper for easy emptying

Two-stage filtration to keep dust contained

On-board charger is always with the machine

Flush-mount handle-locking mechanism for easy adjustment that won't damage facility

Anti-static main broom automatically adjusts for carpet or hard flooring

Light touch control console

- Dual brush settings allow for light or heavy cleaning
- Hour/battery meter

3610 Cordless Vacuum/Sweeper

Ideal environments:

- **Retail** – Large box and department stores
- **Healthcare** – Hospitals, clinics and nursing homes
- **Education** – Elementary, secondary, colleges and universities
- **Hospitality** – Auditoriums, casinos, banquet facilities, hotels

“The 3610 is really convenient and we can quickly clean up even when the store is open. It allows us to get in and around items on the sales floor like clothing racks, and the side broom gets under overhangs and toe kicks.”

-April Tix, Receiving Manager, Galyan's
