

All Surface Cleaner

Keep restrooms and hard surfaces sparkling clean with the all surface cleaner.

The All Surface Cleaner is the right solution for the number one cleaning challenge—restrooms. It's also a great match for cleaning other hard surfaces like stairwells, windows and more.

Multifunctional cleaner

The All Surface Cleaner cleans and rinses fixtures and surfaces, blows dry the rinsed surfaces and then recovers dirty water without the operator touching a surface. After cleaning, the recovery tank easily empties using a drop-down drain hose or power pump-out system.

Tools and accessories

This portable cleaner comes complete with ten standard tools and accessories, including a telescopic vacuum wand and a separate expandable clean-air blower hose.

Key Benefits

- Replace your mop and bucket with the All Surface Cleaner, which is the preferred solution for cleaning restrooms and other hard surfaces
- Increase productivity and employee safety and morale with this touch-free method of cleaning
- Ideal for use on sinks, toilets, urinals, shower stalls and other non-porous surfaces in locker rooms, restrooms, stairwells and more
